**SkyCube Private Remote Sensing License:
Public Summary**

On 1 February 2013, the Commercial Remote Sensing Regulatory Affairs Office of the National Oceanic and Atmospheric Administration, an agency of the Department of Commerce, granted a license to Southern Stars Group, LLC to operate a private, commercial, space-based, remote sensing system named "SkyCube."

SkyCube is a 90-day educational and public-outreach mission, and is licensed to collect low-resolution images of the Earth from a circular orbit of approximately 600 km altitude at inclination 52 degrees.
